All students under the age of 18 seeking to take the GED Battery, must first obtain parental/guardian consent and permission for withdrawing from school from the district superintendent or designee of the school where student last attended. Also, a hardship must be shown why the student is withdrawing from school.

This form requires a New Mexico-issued Student ID number. If the minor-student does not have a state-issued student ID number, the student can still be tested, but this form shall then be submitted directly to the NM GED Testing Office by the testing center where a student ID number will be assigned to the student. If the minor-student is home schooled, a New Mexico student ID number is required, which can be obtained from the school district or the Public Education Department. The home school operator is responsible for signing this form, which is to include minor-student's home school confirmation number. **A NEW MEXICO HIGH SCHOOL DIPLOMA will be issued to New Mexico residents upon verification of successful completion of the GED Battery by the State GED office.** Transcripts of official GED scores will only be issued by the testing center.
